## SUMMARY

---

As a passionate and dedicated person, I am actively learning and developing my skills in technical field and coding. With a strong work ethic and a thirst for knowledge, I am committed to becoming a proficient software Engineer. While still in the learning phase, I have gained foundational knowledge in DSA and full stack development. I am eager to apply my growing skills to real-world projects and contribute to delivering exceptional user experiences. Seeking an opportunity as an intern or entry-level software engineer. I am excited to join a team where I can continue to learn, grow, and contribute to the organization's success.

## EDUCATION

---

<b>Dr. Akhilesh Das Gupta Institute of Professional Studies (GGSIPU)</b>	2024
<i>Bachelor of Technology in Computer Science</i>	<i>CGPA: 8.93/10</i>
<b>Vidya Bharti School</b>	April 2020
<i>Higher Education</i>	<i>Percentage: 79.6</i>

## SKILLS

---

**Languages/Technical skills:** C/C++, Data structure and Algorithm, React js, OOPS, DBMS, JavaScript, HTML/CSS

**Tools:** Git/GitHub, VS Code, Postman, MongoDB Atlas, DBMS, firebase

## PROJECTS

---

**ElevateSelf** | *React js, Express js, API, Git, Mongo DB, Postman, VS Code, FireBase, JavaScript, Node.js*

- Developed website using a modern technology React.js, MongoDB, Express.js, and Node.js, ensuring high performance and scalability.
- Utilized Firestore database to store post images.
- Implemented robust security features, such as encrypted password storage.
- Implemented a secure user authentication system using technologies such as JWT.

**Travel-Travel** | *React js, Express js API, Git, Mongo DB, Postman, VS Code, JavaScript, Node.js*

- Developed a high-performance and scalable website utilizing modern technologies such as React.js, MongoDB, Express.js, and Node.js.
- Responsive and user-friendly interface, guaranteeing seamless functionality across all device types.
- Implemented a secure user authentication system.

**Netflix UI clone** | *HTML/CSS, JavaScript*

- Developed a attractive user interface using HTML/CSS and JavaScript
- Used TMDB API to fetch searched movie/Series.
- Visually similar experience to the original Netflix Platform.

## EXPERIENCE

---

**CodSoft** | *web developer intern*

August 2023 - September 2023

- Worked with new technology like react js, Express js, Node js, MongoDB.
- Built login and registration pages for a travel booking website.
- Learned how to use MongoDB Atlas

## CERTIFICATES

---

**Udemy** | *The Web Developer Bootcamp*

- Learned HTML, CSS, and JavaScript, and completed several minor web development projects.
